

Email appeal to friends, family & colleagues

On Saturday, March 9th, I will be taking part in Birchway Niagara's "Brunch, Bid & Bowl" event in celebration of International Women's Day and in support of local domestic violence services.

By raising funds and awareness, I will be helping the hundreds of members of our community who flee domestic abuse each year by providing them with compassionate, confidential support and safe shelter. This support has never been more needed. Over 60 communities across Ontario, including the Niagara Region, have declared intimate partner violence an epidemic and shelters like Birchway Niagara are struggling to keep up with the need.

I am also participating in Brunch, Bid & Bowl because [insert your reason for participating here].

My goal is to raise [insert fundraising goal here]. With your help, I can meet my fundraising goals and help stop the cycle of abuse. Please consider donating to my campaign and the critical work of Birchway Niagara.

You can visit my personal donation page to make your donation today at: [link to your fundraising page]

Thank you,
